Faculty of Law at Glance

History
Faculty of Law of DU is the time tested legal institution of par excellence. It is the national hub of legal studies. Since its inception in 1924, the department has been a leader producing many legal luminaries, Supreme Court and High Court judges, leading advocates, political leaders, policy makers and trend-setters in all walks of life. The department is endowed with elitist alumni even though it is an egalitarian institute providing practically free legal education at a negligible cost. With the unparallel expertise of faculty members, multicultural environment and its seat at the heart of national capital, the department attracts brilliant students from all over the country and abroad.

Student Intake
The department has 7000 students at present including LL.B., LL.M., and Ph.D. students but functions within limited resources. It is completely funded by national exchequer through UGC and HRD Ministry. The present intake for LLB students is 2400 students after OBC expansion. The three centres of the Faculty of Law were admitting 1500 students in LLB program prior to 1975. The department is in the constant process of improving its infrastructure with state of the art facilities.

Courses
We offer three year LLB degree course. As the number of students grew, the department established its first Centre as Law Centre - I in 1970 and the second as Law Centre - II in 1971. The LL.B. day classes of the Faculty of Law were shifted to newly established Campus Law Centre in 1975. The LL.M. and Ph.D. programmes are looked after directly by the Dean.
Teaching Method
We pursue the case method of teaching law; the department is not dependent on publishers' new editions of books as the case materials of LL.B. and LL.M. are revised by the faculty members every semester with dedication. Printed copies are distributed to all students without profit.

Library
We have a rich print library with e-resources.

Faculty
The department has more than 150 teachers and faculty members are drawn with diversified knowledge and experience. Professors from other Universities including foreign Universities visit on various fellowship programs and conduct research in this institution. A number of delegations from foreign universities visit the department to share their knowledge and benefit the students. A few Memorandum(s) of Understanding (MOU) have been signed between the department and corresponding departments of the foreign universities. The faculties have successfully contributed by way of legislative interventions impacting the lives in fighting dowry deaths, introducing accountability of media in helping establishment of Prasar Bharati Corporation, promoting secularism, ushering rule of law for benefit of females and children and fighting against feudalism and oligarchies. It is desired to rise against female foeticide. The senior faculty members have a longstanding tradition of contributing prestigious books and literature in their fields of specialization which elevates the stature of Delhi Law Faculty as a tall academic leader contributing to the spread of legal knowledge throughout the country by training the trainers.
