

Dear Students,

Greetings!

On behalf of the University of Delhi, I offer felicitations to you for being a part of this University, which is one of the most distinguished universities in the country. It is heartening to note that your University has been ranked No. 1 by the Centre for World University Rankings (CWUR, 2017) at the national level. It has also been ranked first among Indian public Universities by QS, BRICS University Ranking, as well as among the top 1% of the Universities in the BRICS Region.

You would be happy to know that the University of Delhi is in the process of accreditation/ranking by different national and international agencies, such as the National Assessment and Accreditation Council (NAAC). These accreditations are expected to further strengthen the coveted position of the University of Delhi. As the flag bearers of this great institution with a long historical legacy, it is our cherished duty to contribute our part to the NAAC exercise and all such exercises that take place from time to time.

As part of the accreditation/ranking process, direct online surveys are expected to be conducted, wherein some students among you will be contacted by various agencies to seek your feedback/response about the University of Delhi. We urge you to respond to such requests/emails, if they come to you and answer all the questions. Your timely response shall help the University to complete its accreditation/ranking processes on a timely basis.

A copy of the University Brochure for the year 2017 is available at <http://www.du.ac.in/du/uploads/Brochure%202017-%20University%20of%20Delhi.pdf>. Please go through it, as it will add to

your understanding about the University and its components, and help you respond to the questions. If you have any further query about your University, you may visit the University of Delhi Website (www.du.ac.in) and/or send your query pertaining to this matter to: DUstudentsconnect@gmail.com.

We also wish to thank our Master's students for participating in our Students' Experience Survey, the results of which are shared in the attached Brochure. We are glad to mention that the results have been very encouraging with the rating for "overall academic experience" being "very good". All of this reflects the overall quality of our academic and research programmes.

Once again, we do hope that you would sincerely respond to the accreditation/ranking questions, if these are sent to you. This would be a very valuable contribution to ensure that the University of Delhi completes the accreditation/ranking exercise successfully.

Wishing you the best for your future,

Prof. Pami Dua
Dean Academics
University of Delhi
